At least his noble status help his sister, Georgiana, make sure an involvement with the meditate, Bel Tarquin, Duke of Sconce, a perfect game for her anyway ... every way, but one. Tarquin is in love with Olivia. Quin never puts passion before Of Reason. And the reason says that Georgiana is its ideal bride. But the sensual, fiery olivia and reinforced will light up an unknown desire in him ... a desire that are both powerless to resist. When a scandalous affair begins. They risk losing everything ... "The commitment of Olivia, the friendship of his sister and their fragile love. Only one thing can save them - and waits in the bedroom, where a magnificent mattress holds the answers that change the life to the largest romantic enigma of all.Write a ReviewDisplaying 1 - 10 of 893 reiewspser. 2011, finished DNFinng The Duke ¢ ¢ ¢ Mia a quarter of the passage due to something I found a disturbing as regards the way in which a character is portrayed and managed, including insensitive comments and heroïn's actions to this character. They are actually shocked than Eloisa and Avon would allow this character and the way he is treated as a comic significant form. For this reason, Duke is mine is a great failure of a historical novel and one I do not recommend to any romance historical reader. We do another, when an author creates a heroine that acts more like a brat spoiled and is better suitable as a bad story, this is where I have to raise some questions. The heroine here is Olivia Lytton. She is committed to being married, that she thinks of a curse. The reason is because she can't stand her boyfriend, Rupert, heir of the Duchy. Olivia was committed to the Duke of Canterwick's Son, Rupert, from the age of five. Olivia has five older years than Rupert and is now just turned eighteen. Olivia is not as beautiful as her younger sister of Lei Georgiana, and she should be grateful to her paronts because she will end up a duchess, who will score her defects. Olivia is too sarcastic, witty and not pretty. Olivia also enjoys talking about sex and masculine anatomy with Georgina. It seems to be all the two sisters who talk to each other. Solivia can't be in Rupert. She thinks about him as a "strangely bottle bottle Á© ¢ ¢, ~" head of Cavetrata and Lei and Georgie has nicknamed Rupert the Á© ¢ ¢, ~ Á© ¢ ¢, ~" that means silly side, Á© ¢ ¢, ~ Á© ¢ ¢, ~" ¢ ¢ ¢ ¢ ¢, ~, which means half spirit husband and Á© ¢ ¢, ~ ¢ ¢ ¢ ¢ ¢, ~, which means that brain-less betrothed. From all these descriptions of rupert, I wondered how dead and A madman that Rupert was really that Olivia and Georgiana would come so crueld about him. What we come to discover in Rupert is that it's really dim-witted and kind because it is mentally handicapped. Olivia thinks what canterwick He had told her when he was fifteen years old and Rupert was eleven years. He tells her that her son is Á© ¢ ¢, ~ Á© ¢ ¢, ~ "idiot head". Rupert has a bit more than a boy, I say about a child of Ten years, because when he was born, he was not breathing at birth and the doctors believed he had an effect on his brain. Canterwick, Olivia, Georgia and their parents think No that Rupert is an idiot and that Olivia is making a great sacrifice that bridges this man who has a boy's mind because he will become a duke at a certain point. Canterwick is glad that Olivia is marrying Rupert because Olivia has never done by him. Obviously she has no idea about cruel and heartless things about Rupert behind her back. To make sure that the marriage of Olivia and Rupert will definitely happen, Olivia and Rupert are forced into a room for their relationship in the hope that Olivia will remain pregnant. This scene was disgusting and I was completely shocked because you keep in mind that Rupert has not Á© ¢ ¢, ~ eighteen years, but more than a boy because of his handicaped mind. Olivia lies on a sofa, raises skirts and expect Rupert knew how to have sex. Rupert does not understand sex mechanics. He fails to become hard because he is not sexually attractive to Olivia, because he again has a boy's mind. Olivia is a bit satisfied with this and all goes well because their parents take up that they have consumed their relationship (I found this scene and the actions of very strange parents because from every historical romance I read, if a single woman As Olivia has sex before marriage, his reputation is ruined and she labeled a loose woman). Olivia tells Georgiana the next day that was missing Rupert's celery stick and he seemingly needs more than a prisoner and a sofa to do the job done. This point I almost stopped reading due to how a man has been used by a mental disabled as a kick of many jokes from heroin, forced to have sex when he has no idea what sex implies and should be used as a moment of relief Comic in this type of Slap-stick type. Bed until we encounter Tarquin, Duke of Sconce the hero, who mentioned as much as the villain of a hero fairy tale and has black hair of coal and stern's eyes. But this is completely in disavens in what we see when he meets heroin and acts the opposite complete. I was so off from this story not only because Olivia is a heartless bitch and the hero may is a complete jackass, but above all because Rupert and his damaged mind is used for the comedy. I found it from the offensive IÁ. Some might say that I am exaggerated and I could also be. As someone who was the ass of many jokes and was called stupid and stupid more than a few people in my life, including having some family and friends with mental handicaps, my reaction is completely subjective. Others may not have a problem with the way Rupert is depicted or treated. I don't find humor to tease a mentally handicap character in this way to ride or for a heroine and ridiculous and will get a weaker or fragile person due to a handicap like RupertÁ© ¢ ¢, ~ Á© ¢ ¢ S.Disappoint isn't Á© ¢ ¢, ~ Á© ¢ ¢ ta quite strong work to describe how the feeling of the Duke is mine, the author who wrote it and the publisher who had no publishing problems to publish it.dnf Premonauç 4, 2018This book was strange. Before reading it, I looked at some reviews and was prepared to be indignant because everyone spoke of how a poor mentally challenged boy who is treated badly and teased. But, in reality, even if the heroine teases with her sister of her, in private, because she is not enthusiastic to marry a boy, from there her defends him and is sweet and faithful to him. So I don't know. It was not offensive as everyone is doing it. Only a small offensive. The author really calmed down with that error. He should have just made his boyfriend a donkey, or even simply old stupid and compartment. But no, gives a medical reason why Rupert is not like the ther boys and lets a fiery storm. Whaters. I'm just glad he is not receiving all hatred for once. Lord knows that I have my part of the critics. And, hey, hello? I wrote like the kind of person who dikes if you don't like my review? Actually, I don't even care enough to get your hands to the end in the air. It looks like a lot of work. So, it's a bit strange. But the real thing about this book is that there is an old old Bieber in it. It is totally bizarre.He's 16, and the name of him is Lord Justin Fiebvre. It is a singer and writer of poems. He asked to sing from all the girls in a party in a house and crowded to him. Seriously. Here is a quote from the book so you can know I'm not lying or seeing things that are not there: "He turned everyone, to find the Lord Justin Fiebvre doing his characteristic flaming entrance. He stepped for a moment in in The door, threw the hair lock that constantly - and, should we believe, deliberately - he obscured his eyes .... really, book? For real? I am puzzled. Why would the devil would be an adult woman writing a Justin Bieber character in a book to read from other grown-ass women? Why? You see? The embarrassment should have prevented this from the apprenticeente,okay, so the next strange thing was that the first time they have sex, it's in a tree. But I approve it. Completely. We have a lot of squirrels in our neighborhood, but when it's going-time, I make them take them so that the hubs and I can get and have a NOONER. Hey, if you've ever tried having sex after you had children, you would understand. Those small buggers are certain cock-blockers. They could keep rabbits from mating just refusing to sleep in their bed. "Bun bun, can I sleep with you tonight? My wound belly, I heard a noise, there is a monster, I'm alone, I'm thirsty, I can't sleep. My tip hurts. My room is too much Hot, too cold, too blue. "Wait, so where you were? Oh yes. Weird.Then, after all apparently these pigre-ass people? So it was outside. And, totally useless. But the reason seemed that the author could not let Olivia simply break her engagement. He was not happy until Rupert died. This book is this book in format. Sum completely. Spoilernovember 14, 2012 \* Spoiler \* I criticized Eloisa James on Twitter for - having its heroine constantly mocked a disabled man mentally (his boyfriend, later, ex boyfriend) - writing a scene almost sex the heroine and the disabled boyfriend mentally that bonding on sexual abuse - having heroin be a fucking spoiled, having stealing her sister's boyfriend - having a hero who is a jabass, having a hero that leads a sister while trying to slam a sister - have a Character refers to an erection like "going diddly diddly" - Absurdly shapes a character out of Justin Bieber (yes, if you are a woman cultivated with a luxuriant after Bieber, I judge a hell out of you) - Basically writing to weak , scarce, boring and sometimes sometimes, inducing, inducing nineland, he blocked me on Twitter. And I didn't even want to my tweet! All I said is that this book was as offensive as hell, which was, and that should be ashamed of herself, that you and avon should absolutely be. This book is disgusting. If you know or love someone who is mentally disabled, you will see red in the first twenty-five pages, I can guarantee it. I read other books Eloisa James - the ugly duchess and beauty lead the beast - and they were fine. Not bad. The ugly duchess was strangely walked and dragged, and fashion was simply horrible (fashion was a kind of an important reason in that story) and the romantic part was sometimes uncomfortable, and the beauty led the beast just read how A fanfanding of the bad house, but overall, were not terrible. I would not recommend them to anyone, but they were not atrocious, and I read some atrocious books. I could never imagine that the author of those books certainly insignificant could fall so low as to write this garbage offensive. Eloisa James is a weak writer in general, and with this book you simply ... blows completely. If you have lost a fan permanently. (Well, after reviewing the arch of that pirate book, which does not suck the poudscum. It should be fine. I hope.) But yes. Eloisa James is a weak writer who obviously cannot handle criticism. A shame, since these books don't deserve anything but. 7 May 2012 \*\* Note \*\* Some other auditors, who have not read the book beyond a few first pages, suggest that E]'s MC deals with a disabled disabled person With a lack of respect. This is not the way the novel fits. In reality, the MC is incredibly kind and respectful. I hope that those of you who contemplate by reading this book does not give so much belief to those reviews that end up losing a completely lovely novel. \*\*\* I loved every second of this book (except for, perhaps the end that was an episode of over-the-top theatricals). Loisa James excels the development of character and dialogue. This is why I love her writing. Often myself actually go out with these people. Quite often, they are irritated by historic romantic heroines and they just want to slaughter them. But E] writes a kind of entirely nice heroine. I find myself with a silly smile on my face while I read these novels. Olivia is the best of these heroines. It is extraordinarily good and intelligent and silly all at once. Even the alleged bad guys of the novel are revealed not to be bad as ordinarily imperfect people. A reader normally comes into this waiting for the Duke who is forced to marry to be a wicked fatty threat, and the hero's disappointed mother is stupid, noisy, hateful, and a wicked threat. The perfect twin sister should naturally be laminated, insipid, beautiful, and a wicked threat, and all the French bad guys? Obviously, they should be without evil. These "bad" are not those things. They are good people with problems taking care of Olivia. All of them. French too. Books like these make me look at humanity and think - "Yes, we are not so bad." \*\* E] gives us a cute knot in Justin Bieber in the character of him Lord Justin. 2011on-of-my-my-preferred-authread-of-wa-buddya pril 22, 2017 3.5 stars This was a strange mixer with regards to the novely Regency Romances, a mixture of farce and some very moving moments, a times jarring, sometimes captivating, but in the end he worked so far me. Smooth and full writing of spirit and charm, and Mrs. James is certainly fun in which to send extravagant names and pepper pepper pepper of literary and pop-cultural references during history, in addition to the Ottink in a theme Main of fairy, present in all books in the series, which in this case was HC Andersen is the princess and the Pea.it is a romanticism between a brazen eroyin, "unsuitable" and a duke hiding pain and turmoil Under an importurbable facade, and if it started like a light-looking comedy, he took a larger and an excessively dramatic turning point in the last chapters that I found rather disagree with the tone set at the beginning (the same scheme I noticed, And frankly he didn't appreciate, in the book 2 when the beauty has tamed the beast). The features tended to be cliché, with the only exception being the hero that was better than meat and rounded compared to the rest, but I tried, and partly he succeeded, to go with the flow and enjoy the banter especially Capricious It was to be the strongest feature of history, considering the thin plot and mood and irregular rhythm. Buddy-laws with Anna ) Buddy-ledshistorical-Romancy-RegencyApril 9, 2012OK, again I would like to reiterate that Mrs. James is never, make light of her character with mental diseases. In fact, by the end of the book, this character ends up being more than a true "hero" of the other Duke. Please do not stop reading just to publish odious comments that are ignorant of the real book. Let me explain. Olivia is engaged to a duke and secretly Years for another who should check her sister for a wife. Blah, blah, blah .... read the back. This book is actually very good if completely inaccurate as regards historical writings. AND Funny, fun and light. Imagine if Mel Brooks wrote a romance and you have this book. The heroïn says that things from a lady of that period would not have said without demolishing the reputation of her, and the other characters are about the same. I liked how the two lovers had not spent the whole book that deny their feelings to one another as how It can become old very quickly. I also liked how you have to see under the mother's surface. The situation is resolved easily, and certainly, a little absurdly, but the whole book is absurd, so why be surprised? Now of the "sensitive" problem - yes, Olivia's boyfriend is mentally delayed. And even at the beginning of the book, Olivia reacts how any lady would come back then: with contempt and terror. You pray to realize that part of her contempt derives from the fact that they were engaged by her birth, and it's very young, having just turned only 18 and she's around 26 years. So this was a difference in huge ages, and she is moving "a boy" not disgusted by her mental problems. She eliminates a man who doesn't like, he doesn't like, has nothing in common with her, and will end up "the wall" because she can't really be a full "duke" with complete duties. To be honest, they didn't spend a lot of time alone, and both parents' s series approach the subject with Olivia in very vulgar ways. When Olivia actually spends a few hours together with her boyfriend, she started to see her wonderful joy and innocence of her. From this point on, she becomes the unique and unique defender of her. She doesn't tell people not to hit the fan, she tries to show them that she is much better than them because of her shortcomings. She saves him from sin when he can't, and absolutely demolishes others when he can't. She becomes her bigger her ally. She won't go ahead, but I know that Mrs. James is not a bully for people with mental problems. \*\*\* Suitable to add: I would also like to ask all those women who are so indignant about her treatment of this character to be asked if they would be so morally pure if they were suddenly engaged with someone with mental deficiencies. Imagine, all your life young dreams to marry your prince, to be a wife, a partner, a par with your wedding. Then you find yourself engaged with a man who, while he could be sweet and kind and even beautiful, is "not all there". Now you want to be a partner to be a mother for the rest of your life, don't really have a partner with whom to share it, but in reality, another child to take care of. I don't think they would be so right, at least in their thoughts, if they were in that position. So maybe he jumps down from your high-horses and give to the book a chance since we are all humans, and therefore, subject to all fragility and failures included. Go to read it and form at least your opinion, please. Historical-RegencyAugust 31, 2016December 17, 2014a lot. I loved you loved when beauty dominated the beast, but this was longer the lines of a kiss at midnight. The heroine was incessantly snarky. Know this person in real life: it's super annoying, because he never takes a break and always must be the center of attention. There was no real connection between Lead beyond lust. I follow Eloisa on the social, so I was not surprised by her's tribute to Justin Bieber, but all the stupid names and the references of pop culture were exhausting. After reading the Teaser chapters before the book was released, it was also turned off as a wonderful Olivia concerned Rupert; She was only terribly sad, and a kind of strange. StoriscasNovem tJune 26, 2014 "She loved him even if the parts of it made me gut the stars! The Duke is mine is the third of the series of fairy tales of Eloisa James! Á© ¢ ¢, ~ re-stories of the classic fairy tales that we have grown. I absolutely love this series and I'm sorry, I waited so much time to read this Á© ¢ ¢, ~ Á© ¢ ¢ Princess and the pea "installation.descriptione is a duke looking for a perfect bride. She she is a lady" but one Long road from perfect. Tarquin, the powerful Duke of Sconce, knows perfectly that Georgiana La Georgiana And fashionable it will make it an adequate duchess. So why can't you stop thinking about her sister's twin, the curly, stubborn, and completely anticonventional Olivia? Not only Olivia has been engaged in another man, but their improper, even if intoxicating, flirting makes it it Everything is clear. Determine to make a perfect game, Methodically Olivia cuts from her thoughts, allowing logic and duty to triumph on passion ", in his darkest hour, Quin starts to question if perfection has something to do With love. To win the hand of Olivia, he should give up all the beliefs he holds more expensive, and surrender the heart, the body and soul ... endless is already too late. My review ¢ ¢, ~ | Giacomo James is one of my favorite historical authors. His stories are always intelligent, funny, romantic, passionate, and sometimes they are not even powerless. This is one of those times. There were moments when I was Almost brought to tears, even if you explain why it would go away too much. And again, I can't go too deep too much, but there were things that I want to have happened differently, the things they would make this 5-star read for Me. RUP's death ERT folled me. I wish I could have been another other way to end the Betrothal of Olivia without we die ... some other ways in which Olivia could have been free to marry. I know that given the times, attitudes and expectations of the London aristocracy, some things would have happened and have been acceptable. Some circumstances, some words, certain ... well ... events. To be honest, there were a couple of things that didn't go well with me. But could they have been written differently, in a less heartlighth? The truth is that I don't know. I'm not creative enough to be able to depose everything in a plot that would not broke my heart in which the parts of this story did. The bottom line ... A | Adjusting Mrs. James truly, writing and when it was all said and done, they fell hard for Olivia and Quin and their happy and happy. I hope there will be many other stories to come. Controversialformat-Audio-via-AudibleFormat-Kindle-Or-Kindle-CompatibleJune 22, 2015 I'm so angry right now I can't even find it in me to write a suitable review !! Everything that you hear me: this is probably the worst book I've ever read in my life. I had low expectations at the beginning since Eloisa James has always been a success or a miss for me, but damn I would never expect it to be so bad. God I cannot believe it was published. Any healthy person would be offended by characters " (especially the offensive heroine observations!) So for all your healthy people there outside: prevents this book.
