Buena suerte! For good reasons, each study guide for the written test will tell you to study the driver's manual. Many local DMVs have online or physical copies available for free, making the study for this important examination easier and more accessible to a wide range of takers testing. The manuals of your state driver will probably provide a wealth of information. In fact, most of what you need to know for your permission test will be in the manual. Below is a way to study the manual of your driver that will make your study experience easier and more efficient. REMEMBER: Studying for the authorization test will require more than you simply "read" the manual. You need to complete more practice tests on our website and/or attend a driver training course as well. PAGES MANUAL READ have contributed to our Much of what you read in the local driver's manual will be laws that you already knew or did you could use the common sense to understand. However, there are some small details that are easy to lose. You should plan to read the driver's manual at least twice. On the first reading, make minimum notes and pay attention to what laws you do not know and what information you will have to learn moreJOT DOWN SPECIFICATIONS You want to write or highlight specific steps in the driver's manual that mention speed limits for specific areas, traffic fines, approved parking distances, blood alcohol content levels and traffic punishments. Highlighting these specific steps will give you pleasant short extracts to review on subsequent readings. You will be particularly grateful to have those extracts when you need to refresh your memory the night before the permit test. If you have time and note cards, write these facts and numbers on note cards. You can use these note cards for a quick study session during the day. DRAW ALL THE TRAFFIC SEES Usually, road signs are all listed in the same area as the driver's manual. Discover a way that makes sense for you to distinguish information signs from warning signs from prohibitive or regulatory signs. Book the pages where the signs are found so you can easily access them on later study sessions, and draw the signs on a separate piece of paper or flash cards. Your goal with the study of road signs is to develop a method that will help you remember these traffic signals effectively. USE OF MEMORIES Road rules are important to know for your permit test, but also for your safety. Come with the ways that make sense to you to remember these rules. Use numbers, rhymes, mnemonics and other memory tacticshelp remember the rules of the road easier. as you read about the various rules of the road, try to view every road rule and imagine situations in which these rules were broken. actively thinking about these traffic rules, you are avoiding passive learning, and you are increasing the chances of remembering this very important information. do you have any other advice to study the manual?
