Don't wait for this one to come out on DVD. The suspense and excitement left by the end of the movie and it was absolutely and surprisingly one of the best movies I have seen for quite some time. Or maybe I just decided to do what you should do with some movies. This film is not available in Hindi or in dual audio. With excellent performances given by Jennifer Aniston and Very Sexy Clive Owen, this movie is the best I've had in a long time. But even though I entered the movie with a good idea of what was going to happen, and without high expectations, a good straight man is swindled by a pretty lady into the sex scandal, blackmail and the potential ruin of his life follow: the execution and the twists on the plot along with the good acting 3a kept me absorbed for his almost 2 hours. Facts ahead, of course, it's too high. The film was quick and bordered by the seat almost from the beginning. A hit can be the cinematography of the movie. You look like you've seen it or a movie like it before. Those are the things that thrillers generally aren't. great movie! No spoilers (by RONIP) Great movie, Clive Owen was brilliant and it's a nice change for Jennifer, Pure Fast Paced Entertainment, what was it meant to be! I hope Jennifer makes many more movies like this to get rid of the good girl in the release. Most scammers Vincent Cassell, as Laroche would be kept in content to get the initial \$20 and angry in the dark. Of course, not everything was realistic, as people here are arguing, but none of the movies like the godfather. Storyline. On an out-of-control train with hostage-holding hostages and high-tech bio-weapons agent, do you become a one-man army to derail the terrorists and save the lives of everyone on board? bdupload | indishare | | Dailypuploads | ClickNupLoad You can also also like the derailed ones (in Hollywood films). The "network" has been fine well And in fact it would be difficult to escape. The end satisfies justice, with a final turn. I think most people can connect with the characters and it is easy to see how things start to happen and then come out of control. Never come out of the way (by Andy-Armstrong) Derailed is an adjusted, intelligent and dangerous film about risks. Yes, there is a lot of omen, but if all those who say it was predictable, they really realized at the end, then I guess I'm losing my touch. He invented a time machine and tried to fix the breakup repeatedly. It is this aspect of the villain more than anything that does the film. Some have criticized Clive Owen Charles Shine for a performance A «No lifea €), but I found it convincing as a common type that lives a very straight life and He is willing to pay for his mistake in the hope that his stalker disappears. Jennifer Aniston gives a great performance, as does Clive Owen. A good surprise, quite fascinating (by JRMF) I was initially attracted to this film. I usually stick to IMDb 7+ simply out of a perverted desire to see Ms. Aniston Lucinda Harris Ravised - She's usually in "nice" roles. There's violence, sex and ugly language. It's a movie I was able to watch again, but the mystery of not knowing is part of what makes it so great. This is one of the best movies based on comedy, drama, romance. The movie was pretty good by my standards. But Stillman is not beaten, he does what no genius with a heart would do, he invents a time machine to get a second chance at love. Á Although you wouldn't know it, most of the film was shot in the UK! The story never goes too far, leaving some parts of the film to your imagination. Jennifer Aniston does a great job coming out of her friends character that everyone associates her with and that so few comedy actors have been able to do. Excellent movie - I give it a 10 !!! Low rating (by BOB-2043) I avoided the movie because of the lower ratings it had received, but after several recommendations, I went and saw it and was surprisingly pleased with the entire movie from start to finish. Which, honestly, it was very doubtful that she could get out of her 'Rachel' image anyway, at first it was hard to get into the movie, but after a while I realized that my eyes were hooked to the screen and I was squeezing my arms out of the seat! Derailed (by petyornsburrito)Those who rated this movie less than a 10 are cheating everyone who has not yet seen it. Physics prodigy Stillman (Butterfield) is destined for great things, but is derailed when his girlfriend, Debbie (Turner), suddenly leaves him. Definitely not a movie to bring the kids. Good drama/thriller, worth seeing. The chemistry between the two is incredible and definitely shows a side of Jennifer that many have not seen. She was bold and sophisticated, but you had to like her.There's a lot to say, but I don't want to give anything away. It is a dark and psychological thriller, the story twists and turns and keeps your attention throughout, there is a little bit of everything for everyone in this film, it is beautifully shot and the locations are brilliant. I buy a lot of DVD's and this movie goes on my list of movies to buy for sure. A cool teenager is in love with a girl who breaks up after a year. It has many wicked twists that are the least expected and keeps you guessing until the end. There is nothing special about the visual style. The trailer does not do justice to what the film really is: a dark, suspenseful, edge-of-your-seat thriller. Only at the end, when he has been driven to his wits' end, does he show true aggression and finish off his tormentor.The twistedness of the trap he is caught in is well exposed when Charles exposes Lucinda and LaRoche by ending up with another victim.
