Tankopedia is nice for how recent it seems to show a broken tank. It would also be nice to see the technological tree of each nation. 5 Å ¢ ~ ... They can't load the data. Everything worked and now 3 days I can't upload the data. Nothing has been touched or modified in the username. Solve this problems. I had it for a year now and lost his utility, he shows no longer messages, my tanks do not present themselves more and I can't do my research on tanks for weaknesses and such. It was nice while it lasted A ° Where is the evaluation of the evaluation still ancient 2 A ¢ ~ ... Update this app already. The customer is so old now that it's so so Upload news articles. Also, there are tanks that are still missing from Tankopedia. Examples: BT-SV PLUS The new line Light U.S. Some tanks have not even a Tankopedia description. For example, the IS-2SH.
