Thank you for interesting in our services. We are a non-profit group that runs this website to share documents. We need your help for maintenance of this website. To keep our site running, we need your help to cover the cost of our server (around \$ 400 / m), a small donation will help us a lot. Please help us share our service with your friends. Our column of our playlist is equipped with music treated by our faculty, students and staff and focusing on an interesting idea or theme. By Prof. Michael Tenzerte The best jazz pianists are like stimulants as always, but the art of transcribing what the players' play has really become by the advent of scrolling scores on the tube, not to mention the applications that They help with transcription. (Now there are some superstar missing transcripts outside.) If you didn't take time to find out what pianists do when they play, you have to do it to yourself to do it, and you will be devastated in the best way. Savor these six traces; There are many more outside even there . . .»*A*<sub>i</sub>Whless on my jazz page. It contains things I want to refer and to which I am referring to my students. (Some others found it useful.) I apologize for any interrupted connections. If you send me (k and l l and r @ h mc. And d u) a note, removing them.
